

The graph shows a network of 12 nodes (0-11) and several unlabeled gray nodes. The nodes are colored: 0 (blue), 1 (cyan), 2 (orange), 3 (cyan), 4 (red), 5 (blue), 6 (orange), 7 (cyan), 8 (green), and 11 (blue). The edges are black arrows indicating the direction of the connections. The graph is complex, with many nodes and edges, and a dense central cluster of nodes.
